An Anticipated Role for the President of ADETA:

- Build and manage a team of professionals who are committed to the work of the organization as Board members and Officers; engage other members as it works in terms of committees, projects, etc.
- Help define ADETA's role, value proposition and update a Strategic Plan for the organization – not too big, not too small, just right – and implement the Plan through realistic action steps
- Work to establish a viable ADETA membership and deliver on the promise of the Strategic Plan
- Communicate widely, clearly and as required
- Manage the business side of the organization – the Annual Report to the government, finances and annual elections, monthly Board meetings, contracts, etc.
- Network with other like organizations, seeking synergies and opportunities to collaborate where it fits
- Create and sustain organizational momentum
- Have a good time with the great people you will meet and the educational challenges you will attend to as you make a difference together

Linda Lucas
Past President
